

CALL FOR PARTICIPATION

2nd RCIS Industrial Day

Within the Seventh IEEE International Conference on
RESEARCH CHALLENGES in INFORMATION SCIENCE

May 31, 2013, Paris, FRANCE

Talk proposals submission deadline: March 14, 2013

<http://rcis-conf.com/>

The 2nd Industrial Day at RCIS 2013 is sponsored by FITTEST EU Project.

=====
=====
SCOPE AND TOPICS

In the 2nd RCIS Industrial day, we will continue to help the convergence of academia and industry, from all the different areas that want to/might play an active role in domain of testing and maintenance of Future Internet (FI) applications.

The workshop is about creating better testing and maintenance practices through a focus on testing Future Internet applications and the help that European Projects research can effectively give to industry in this field.

While presenting research findings and state-of-art solutions, you are especially invited to share experiences in these two main talk topics:

- Testing and Maintenance research, needs and best practices from Industry and from EU Projects: Talks on case studies and challenges on EU projects and industry projects.
- Testing and Maintenance Tools: Talks to explain/demo of tools and how they can improve testing and maintenance in real industry scenarios.

CONFERENCE PUBLICATIONS AND BEST PAPERS

Please submit one (or more) 30-40 minute talk proposal(s) OR one (or more) 20 minute demo talk proposal(s) by 23:59 CET on March 14th 2013. We will notify all those submitting proposals about their acceptance by the March 24th 2013.

Authors are invited to submit talks proposal in English. Each submitted talk proposal will have to be associated to one of the two following categories.

Testing and Maintenance research, needs and best practices from Industry and from EU Projects talks: Case studies and challenges on EU projects and industry projects (3 short paragraphs describing your talk).

Testing and Maintenance Tools talks: Explain/demo of tools and how they can improve testing and maintenance in real industry scenarios (3 short paragraphs describing your talk).

To submit a talk proposal please fill out the following web form with the necessary information:

<https://docs.google.com/spreadsheets/viewform?formkey=dExFd3NzR0dZN0MyUmVOQWZ1RW90WUE6MQ>

Or please send the talk proposal by email to Alessandra.bagnato@softeam.fr

IMPORTANT DATES

- **Talk submission deadline: March 14, 2013, 11:59 p.m. CET**

Notification to Participants: March 24, 2013

Program announced: March 30, 2013

Industrial day at RCIS'2013 Conference: May 31, 2013

WORKSHOP ORGANIZING COMMITTEE

Alessandra Bagnato, Softeam R&D Department, Paris

Tanja Vos, from Research Center on Software Production Methods (ProS) Department of Information Systems and Computation Universidad Politécnic de Valencia

Kiran Lakhota, CREST Department of Computer Science, University College London
